

# TEMOGO LEBALLO

## PGCE STUDENT

- ◆ Place of Origin : South Africa
- ◆ Previous Qualification: BCom (University of Pretoria)
- ◆ PGCE Subject Choice: Business & Accounting

## PROFILE

I have experience with different educational technology tools such as Microsoft Office 365, where I am proficient in Excel for data analysis and reporting. I also have experience with Sage Pastel for accounting as well as Power BI and Tableau for data visualisation and business intelligence. These tools have taught me to analyze, present and interpret information efficiently, especially in education and professional environments.

## KEY SKILLS

- Critical Thinking
- Problem Solving
- Communication
- Coaching
- Mentoring

## THOUGHTS

Technology improves the ability to teach and help students learn complicated concepts. Digital tools and softwares help students grasp analytical skills and problem solving for real-world problems. Additionally, Educational technology helps differentiate the learning process. It also helps educators to streamline administrative tasks and facilitate communication and distribute resources

## MOTIVATION

Success is about discipline, consistency and resilience Every challenge is an opportunity to grow and every setback is a lesson, not a defeat. The journey ends when I choose to quit, not when I fail.
